The Fourth was very satisfactory to the ball boys; they cleared enough to pay for their new uniforms, and won one game and lost one. The game in the forenoon was won by Cambridge, by a score of 9 to 7 and was very interesting throughout, as there was no kicking. Dr. Hubbell umpired to the satisfaction of both teams. In the afternoon, the home boys, though rather tired, took a decided brace and won the game from North Hyde Park by a score of 20 to 13. Scott scored the first home run made on the new grounds. Barrows umpired the game satisfactorily, and looked natural back in his old position. The battery in the forenoon was Covey, Cheney and Gilmore for Cambridge and Sheldon, Morgan, Horrigan and Dubray for North Hyde Park. Morgan and Dubray were for North Hyde Park; Morgan and Dubray for Johnson. This week Saturday the ball team will play Bakersfield at Johnson and a good game may be expected, as Johnson and Bakersfield have each won a game. Game called at 2 p. m.; admission 15 cents; ladies free.

## Fourth of July Celebration.

The celebration here last Wednesday, which was something of an impromptu affair, passed off very pleasantly. At 9 o'clock there was the bicycle parade and the usual parade of horrors, consisting in part of the jumbo band, representation of rural delivery, "The Merry Milkmaids" who made their third appearance, E. E. Holmes wheelwright and repair shop, base ball team and many others. Bringing up in the rear of the procession was a representation of Johnson meat market, which was drawn by a wooden bicycle, made and operated by Clarence Darrell. The prize was awarded Joe Fournier for having the worst looking rig, and a prize was awarded Grace Leland for having the prettiest costume in the bicycle parade. The procession formed near depot bridge and passed over Railroad, Maine Stearns, School and Penn streets, back to Main street, where it disbanded near the iron bridge. At 1:30 the tub race was won by Clarence Darrell; following this, on the ground, was the 100 yard dash won by F. G. Becknell; the three-legged race was won by Geo. West and Harold Stearns; the potato race won by Harold Stearns; sack race won by Will Horrigan; and the wheelbarrow race was won by Geo. Williams. The ball game following these, between North Hyde Park and Johnson teams, resulted in a score of 20 to 13 for home team. In the evening a lawn party was given by the Ladies' Club on the lawn of C. S. Clark and T. A. Waterman. Much credit is due Mr. Clark for his efforts to make the occasion the success it was. The Cambridge Cornet Band, which furnished music through the day, was present and added much to the program, which was enjoyed by all. After the display of fireworks, which closed the events of the day, the crowd went to their homes tired, but glad that July 4, comes every year.

A large number spent the glorious Fourth at Lake Eden. The day was all that could be desired. Eden Cornet Band was in attendance and when they boarded the little steamer heading for Point Windemere, the music floated over the lake and formed one of its most attractive features. Indeed, it would be difficult to exaggerate the charms of this favored spot. It affords fine sites for camps and cottages, as well as delightful rambles over its grounds, with the bewitching waters of the lake glittering on either side.

Eden boasts of another lovely lake, better known perhaps as South Pond. A few summers since I stood for the first time on the cool, shady shore of this "mirror of the stars," sheltered from the lake and formed one of its most attractive features. Indeed, it would be difficult to exaggerate the charms of this favored spot. It affords fine sites for camps and cottages, as well as delightful rambles over its grounds, with the bewitching waters of the lake glittering on either side.

Parties from surrounding towns are visiting Lake Eden nearly every day. Names are given to some of the attractive places. Ingle Hook, Fairy Point and Nobby Point are among them. Long Point, a narrow, rounded promontory entirely clad with trees and a variety of shrubs, extends nearly one-half a mile into the lake and forms one of its most attractive features. Indeed, it would be difficult to exaggerate the charms of this favored spot. It affords fine sites for camps and cottages, as well as delightful rambles over its grounds, with the bewitching waters of the lake glittering on either side.
